On 17th February the Deputy Director General of the Department of Teacher Education, Ministry of Education in Laos, Mr. Soupee Phetdavong and the #BEQUAL Team Leader, Ms. Rebecca McHugh, visited Luang Namtha Teacher Training College (TTCs) for the official opening ceremony of the new BEQUAL Office.

During the visit, they met with the Director of the Luang Namtha TTC, Mr. Khamsook Thongkan, and other key TTC personnel to thank Luang Namtha TTC for hosting the BEQUAL office for Phase 2 of the program.

This is the second regional BEQUAL office based in Luang Namtha Teacher Training College, making up part of Australia and the Department of Teacher Education in Laos' partnership to build capacity of target TTCs and Continuing Professional Development.

Ministry of Education and Australia open regional BEQUAL office in Luang Namtha

21/02/2023 07:17

KPL On Feb 17, Deputy Director General of Department of Teacher Education (DTE), Ministry of Education Soupee Phetdavong and the BEQUAL Team Leader Rebecca McHugh visited Luang Namtha Teacher Training College (TTC) to officially open a new BEQUAL Office, located in the college.

They met with the Director of the Luang Namtha TTC Khamsook Thongkan, and other key TTC personnel to thank Luang Namtha TTC for hosting the BEQUAL office for Phase 2 of the program and to discuss planning and collaboration for Continuing Professional Development (CPD) system development and implementation.

Representatives from Provincial Education and Sports Departments (PESD) in Luang Namtha, Bolikhamxay and Phongsavan were also part of the discussion and launch of the office and will be vital implementing partners for the CPD system in the catchment area of Luang Namtha TTC.

Mr. Soupee Phetdavong said, "Establishing BEQUAL office in three target TTCs for Phase 2 is an important part of ensuring smooth and effective collaboration between the Department of Teacher Education and Australia through the BEQUAL programme. The Ministry of Education is committed to supporting improvements in access to and quality of teacher professional development in the Lao PDR and is pleased to be collaborating with the Government of Australia via the BEQUAL programme to achieve this goal. DTE has been partnering with BEQUAL to design school-based CPD systems led by the technical experts at TTCs. This design will be tested in BEQUAL's three target TTCs throughout Phase 2. The opening of the new BEQUAL office in Luang Namtha is the next important step in this

process."

Under DTE direction, teams of school-level pedagogical support staff will receive capacity development and provide training and support for teachers in a locally relevant approach that responds to teachers' development needs. BEQUAL will work in partnership to build the capacity of key TTC staff to be able to provide technical support and training to these school-level pedagogical support staff to ensure they are equipped to undertake their roles.

In Phase 2 BEQUAL will work directly with three target TTCs (Savanakhet, Luang Namtha and Khamkhai), seven target Provincial Education and Sports Departments (PESD) - Luang Namtha, Bolikhamxay, Phongsavan, Xoung Khouang, Houphouan, Savannakhet and Khammouan) and 30 target districts within these provinces.

To facilitate smooth and effective collaborations, the programme will establish offices co-located in these three target TTCs with a team of three BEQUAL staff to be located in each TTC. The Luang Namtha TTC office is the second of these three offices to be ready for operation.

The Savannakhet office has already opened in November 2022 and Khamkhai TTCs will be ready and officially opened next month.

The Department of Teacher Education has overall responsibility for the management and implementation of teacher CPD nationally through the TTCs, and in partnership with the PESD and District Education and Sports Bureaus (DESB). BEQUAL will support DTE to realize this vision for improved teacher CPD through collaboration with target TTCs, PESD and DESB.

Mr. Soupee Phetdavong said, "We are pleased to achieve this next step in our longstanding partnership with the Australian government through the opening of the BEQUAL office in Luang Namtha TTC and look forward to working together to achieve improvements in the quality of primary teaching and learning in the Lao PDR."

Ms. Rebecca McHugh said, "The Australian Government and Government of the Lao PDR share a commitment to improving teaching quality and thereby improving student learning outcomes. Being able to work side-by-side with TTC colleagues through staff based in a TTC office will facilitate effective collaboration towards achieving this shared goal, under the leadership of DTE. We are grateful to Luang Namtha TTC leadership for sharing their space with us. The office is embedded in a centre for education research and learning, which is the perfect environment for developing a CPD system for teachers."

A key priority of Phase 2 is to support DTE to develop a continuing professional development (CPD) system to provide direct and ongoing pedagogical support to primary teachers to achieve the goal of improved teaching.

Under DTE direction, teams of school-level pedagogical support staff will receive capacity development and provide training and support for teachers in a locally relevant approach that responds to teachers' development needs. BEQUAL will work in partnership to build the capacity of key TTC staff to be able to provide technical support and training to these school-level pedagogical support staff to ensure they are equipped to undertake their roles.

In Phase 2 BEQUAL will work directly with three target TTCs (Savanakhet, Luang Namtha and Khamkhai), seven target Provincial Education and Sports Departments (PESD) - Luang Namtha, Bolikhamxay, Phongsavan, Xoung Khouang, Houphouan, Savannakhet and Khammouan) and 30 target districts within these provinces.

To facilitate smooth and effective collaborations, the programme will establish offices co-located in these three target TTCs with a team of three BEQUAL staff to be located in each TTC. The Luang Namtha TTC office is the second of these three offices to be ready for operation.

Ministry of Education and Sports and Australia open a second regional BEQUAL office based in Luang Namtha Teacher Training College

◀ Previous

Australia and the Department of Teacher Education are working in partnership to build the capacity of target TTCs to provide teacher continuing professional development.

On 17th February the Deputy Director General of Department of Teacher Education (DTE), Ministry of Education, Mr. Soupee Phetsavong and the BEQUAL Team Leader, Mr. Rebecca McKnight visited Luang Namtha Teacher Training College (TTC) to officially open a new BEQUAL Office located in the TTC. They met with the Director of the Luang Namtha TTC, Mr. Khamsouk Thongloun, and other key TTC personnel to thank Luang Namtha TTC for agreeing to host the BEQUAL office for Phase 2 of the program and to discuss planning and collaboration for Continuing Professional Development (CPD) system development and implementation. Representatives from the Luang Namtha PESS, Sakao PESS and Phongsaly PESS were also part of the discussion and launch of the office and will be vital implementing partners for the CPD system in the catchment area of Luang Namtha TTC.

Mr. Rebecca McKnight said "The Australian Government and Government of Lao PDR share a commitment to improving teaching quality and thereby improving student learning outcomes. Being able to work side-by-side with TTC colleagues through staff based in a TTC office will facilitate effective collaboration towards achieving this shared goal, under the leadership of DTE. We are grateful to Luang Namtha TTC leadership for sharing their space with us. The office is embedded in a centre for education research and learning, which is the perfect environment for developing a CPD system for teachers." A key priority of Phase 2 is to support DTE to develop a continuing professional development (CPD) system to provide direct and ongoing pedagogical support to primary teachers to achieve the goal of improved teaching. Under DTE direction, teams of school-level pedagogical

In Phase 2 BEQUAL will work directly with three target TTCs (Savannakhet, Luang Namtha and Khong Khua) seven target Provincial Education and Sports Services (PESS) – Luang Namtha, Sakao, Phongsaly, Xong Khouang, Houaphan, Savannakhet and Xamnouang) and 30 target districts within these provinces. To facilitate smooth and effective collaboration the program will establish offices co-located in these three target TTCs with a team of three BEQUAL staff to be located in each TTC. The Luang Namtha TTC office is the second of three three offices to be ready for operation. The Savannakhet office has already opened in November 2022 and Khong Khua TTCs will be ready and officially opened in March 2023. The Department of Teacher Education has overall responsibility for the management and implementation of teacher CPD nationally through

Mr. Soupee Phetsavong said "Establishing BEQUAL offices in three target TTCs for Phase 2 is an important part of ensuring smooth and effective collaboration between the Department of Teacher Education and Australia through the BEQUAL program. The Ministry of Education is committed to supporting improvements in access to and quality of teacher professional development in Lao PDR and is pleased to be collaborating with the Government of Australia via the BEQUAL program to achieve this goal. KPL (KPL) After Savannakhet in November 2022 and Luang Namtha last week, the Ministry of Education and Sports of the Lao PDR (MoES), with support from Australia, has opened a third BEQUAL regional office in Khang Khay teacher Training College in Xieng Khuang.

Australia strengthens its support to the Ministry of Education and Sports on quality of primary teaching improvement with the establishment of BEQUAL offices in three target TTCs

(KPL) After Savannakhet in November 2022 and Luang Namtha last week, the Ministry of Education and Sports of the Lao PDR (MoES), with support from Australia, has opened a third BEQUAL regional office in Khang Khay teacher Training College in Xieng Khuang.

The official opening ceremony was held on 22nd February chaired by Mr. Khet Phanlack, Director General, Department of Education (DTE) and Ms. Rebecca McHugh, Team Leader, BEQUAL.

The Deputy Director of Khang Khay TTC, Ms. Tian Phouphonethong, key TTC personnel and lecturers, and representatives of Xieng Khuang PESS and Houaphanh PESS joined the opening as they will be key partners in the implementation of the new Continuing Professional Development (CPD) system in the catchment area of Khan Khai TTC.

Mr Khet Phanlack said "The new improved primary curriculum developed with the support of Australia through the BEQUAL programme has introduced a new student-centered pedagogy which is an important foundation to the achievement of quality education in the Lao PDR. The essential next step in this process of improvement is the development of good quality teacher training and access to continuous professional development to ensure that teachers can successfully implement the curriculum and bring it to life in the classroom. The establishment of BEQUAL offices in three target TTCs will enable effective collaboration between DTE and BEQUAL to build the capacity of those TTC to provide quality CPD in their catchment areas."

Mr Rebecca Mc Hugh said "Providing quality teacher training and professional development is vital for supporting teachers to apply active learning approaches in the classroom and ensuring the success of the new curriculum. The Australian Government, through BEQUAL Phase 2 is gradually shifting its focus to providing more teacher professional development and training. Quality teaching is a vital part of improving learning outcomes for all children in the Lao PDR. With DTE and our target TTCs, we will enable and encourage teachers to engage in CPD activities throughout the school year to develop their confidence and teaching skills to teach the curriculum effectively."

The new CPD activities have already started. Last week, a first series of capacity building workshops on CPD were held in the 3 target TTCs: Savannakhet, Luang Namtha and Khang Khay, to train lecturers in how to support the future Internal Pedagogical Support (IPS) teams who will be located in schools. The TTC lecturers will be responsible for training and supporting the IPS teams in their catchment areas, and these new IPS teams will be responsible for facilitating CPD in their own and neighboring schools.

Mr. Keth concluded "With Australia's support, we are building a new system to provide all teachers with ongoing support from their principals and education staff from the district, province, and teacher training colleges throughout the school year as they navigate the curriculum and encounter teaching challenges. I look forward to this new step in our successful longstanding partnership with the Australian government with the opening of this third BEQUAL office."
